BARROW LIME.—This celebrated hydraulic Lime, from the Shap Lime Stone, can now be forwarded by railway direct from the kilns to any part of the kingdom. It is invaluable for Concrete, Foundations, Arches, &c., and for repairing roads among gravelly soil, for Cements, &c., and may be obtained regularly from the Shap Lime Works, Shap, Westmoreland, or of the Agents, Messrs. JOHN ELLIS and SONS, Leicester.

GREAVES'S BLUE LIAS LIME.—The superior manner in which the above is ground renders it cheaper for mortar or stucco than any other lime or cement. The shell lime for mortar is burnt on an improved principle, leaving entirely any particles unnecessarily exposed by Engineers, Architects, and Contractors, of the above, it has met with universal approbation.

ROMAN, PORTLAND, PARIAN, ASHTON, and LIAS CEMENT of the best quality.

SECONDS, PAVIORS', STOCKS, and other Bricks.

CHARLES RICHARDSON, 6, South Wharf, Paddington.

GREY-STONE LIME.—HALL, BROTHERS, of Northam, Lime Works, near Belvedere, beg to offer to Builders and others a list of their prices for Cash on delivery.

Grey-Stone Lime	6s. 6d.	per Yard, or 28 Bushels
Ditto, for Mortar.....	4s. 6d.	ditto ditto
Ditto, Ashes	1s. 6d.	ditto ditto
Black ditto	1s. 6d.	ditto ditto

In not less than Six Yard quantities, and put on the Railway for all goods stations on the London and Brighton and South-Eastern Railways, or those connected with them. A fresh supply, hot from the kilns, at the Bricklayers' Arms and Croydon Stations, and delivered to all parts.

Prices for Cash on delivery:—7s. per yard at the stations or works; 8s. per yard delivered within five miles; in not less than 2-yard quantities. Hacking, 1s. per yard; in per yard off, if paid monthly. Cartaging charged for. The quality is warranted to be the best.—Address, Hangleton, near Reigate, Croydon; or Youl's place, Old Kent-road.

THOMAS FREEN and CO. LIME BURNERS, Wouldham-on-the-Medway. Grey and Chalk Lime supplied by the freight, direct from the kilns, or fresh from their wharfs, on Canal-road, Kingsland-road; Queen's Wharf, Great Cambridge-street, Hackney-road; or King's Wharf, New Wharf-road, Battle-bridge. N.B. Lime, Tiles, Chimney-pots, Plaster, Hair, Welsh Goods, &c. &c. &c.

THOMAS FREEN and CO. REGENT'S CANAL, KINGSLAND-ROAD, beg to inform their friends and the public that, since the late fire on their premises, they have entirely REBUILT THEIR MANUFACTORY, and are now prepared to supply ROMAN CEMENT and PLASTER OF PARIS in any quantities, direct from their mills. T. F. and Co. further beg to state, that having made great improvements in their machinery, these articles, they trust, will be found fully to support the high character they have always hitherto borne in the trade.

ATKINSON'S CEMENT, so long known and esteemed in London, for plastering purposes, is a quick-setting cement that requires no colouring.—Sold exclusively by JOHN BAZLEY WHITE and SONS, Millbank-street, Westminster, and Seal-street, Liverpool.

KEENE'S and PARIAN CEMENTS and FRENCH PLASTER for internal uses.—These well known hard stuccoes dry quickly, and can be painted upon within a few hours. Made and sold by JOHN BAZLEY WHITE and SONS, Millbank-street, Westminster.

PORTLAND CEMENT is the cheapest, because the best Cement for external uses. As a stucco, it requires no colouring, does not vegetate, and is not affected by frost. As a mortar for brick-work, it may be mixed with three to four parts of sand; and, for concrete, it will carry ten to twelve times its volume of sand and gravel.—Manufactured by JOHN BAZLEY WHITE and SONS, 17, Millbank-street, Westminster, and Seal-street, Liverpool.

PORTLAND CEMENT.—The difficulty of procuring this valuable Cement of uniform colour and strength has hitherto prevented its more general use. Contractors and Builders will find that these two important qualities may be depended on with the greatest certainty in that manufactured by C. J. HILTON, at his Romans and Portland Cement and Plaster of Paris Works, Faversham, Kent, at which place, as also at his Wharfs in London, 4, Upper Thames-street, City, and Great Scotland-yard, Westminster, orders can now be received to any extent.

PORTLAND CEMENT, in Casks of Four Imperial Bushels. QUANTITY, NOT WEIGHT, BEING THE STANDARD.—CHAS. FRANCIS and SONS, Cement Works, Nine Elms, London.

6, South Wharf, Paddington.

PORTLAND CEMENT.—CHARLES RICHARDSON has the greatest confidence in introducing to the trade the above superior CEMENT, being of uniform colour and quality in consequence never before attained in Portland Cements. It possesses extraordinary conditions of hardness, resists the action of frost and heat, and is more durable than any other Cement; does not vegetate, turn green, or crack, combined with which its eminent hydraulic properties stamp it at once as the first cement of the day for work where all the above qualities are requisite. It is manufactured on the only principle Portland Cement can be, and contrary to the statements put forth by those who have hitherto had the monopoly. Manufactured by R. GREAVES, Esq. at his Works, near the River Avon, and sent to all parts of the kingdom per boat or rail, at a reduced price to the trade.

PORTLAND CEMENT.—JAMES WESTON, having commenced manufacturing the above Cement, begs to inform the trade in general that he can supply them with any quantity they may require, either at his Works, Mill-wall, Poplar; St. Andrew's Wharf, East-street, Blackfriars; or Middle Scotland-yard, Westminster, Manufacturer of Roman Lime and Hastic Cements, French and English Plaster, &c.

PORTLAND CEMENT WORKS, NORTHFLEET, KENT.—Messrs. ROBINS and CO. solicit the attention of their friends and the public to their superior Cement, confident that the great improvement in the manufacture thereof during the present year will insure to them a continuance of that patronage with which they have so long been favoured.—Orders received at the Works, and at Great Scotland-yard, Whitehall.

March, 1852.

PATENT PORTLAND and ROMAN CEMENTS.—WINKFIELD, BELL, and CO. of East Greenwich, Kent, having now completed some heavy contracts, are prepared to execute orders to any extent for either of the above Cements, which they are quite prepared to prove exceed any others in their cementitious qualities at present manufacturing. Many highly respectable references can be given where their Cements have been successfully used. Orders addressed to their Works will be punctually attended to, and returns sent. Where quantities are used a correspondingly low price will be made.—Agent at Southampton, Mr. GEORGE SHARPE, Union Wharf.

PARIAN CEMENT for internal use, to be PAINTED IN A FEW HOURS, AND PAPERED WITHIN A COUPLE OF DAYS.—CHARLES FRANCIS and SONS, Patentees, Nine Elms, London.

MEDINA (ROMAN) CEMENT.—The material of which this cement is made is obtained in the Isle of Wight. It has all the properties of the Sheppy Stone, but is much better adapted to engineering works, from the rapidity with which it sets and hardens under water. It has been long used at the great Breakwater at Cherbourg; in a similar work at Aldernay; and at Dover any part, to unite the masonry. The foundation of the centre pier of the Victoria Bridge at Monkwearmouth is in Medina Cement. A new groyne at Sandown Bay, Isle of Wight, has been constructed of the finest material but the cement and fine ashlar. The work extends 200 feet into the sea, and is exposed to the most violent gales of the Channel, in a position where every former cement-work had been repeatedly washed away. The impenetrability of the united qualities of Roman Cement are superseded by the use of this improved manufacture.

CHAS. FRANCIS and SONS, Nine Elms, London; or West Medina Mill, Cowes, Isle of Wight.

Agent for South London, E. L. PLUDER, American Wharf.

PERMANENT STUCCO WASH, WITHOUT SIZE OR OTHER CORRUPTIBLE INGREDIENT.

As used at St. George's Hospital, Hyde Park Corner.

JOHNS and CO. beg to call the attention of the Trade to improvements in the manufacture of their well-known material, confidently offer it to the notice of the Trade and the Public generally, as possessing every advantage over the common Lime Wash or Water Colour for STUCCO or BRICK WORK. It is a Stone Colour, but may be tinted to any other.—DOES NOT WASH OFF.—is perfectly dry in twenty-four hours, and, being a non-absorbent, is admirably adapted for Railway Stations, Union Workhouses, Barracks, Schools, Prisons, &c. One coat, will cover 200 square yards. It will last good for years, and MAY BE EXPORTED WITH PERFECT SAFETY.

JOHNS and CO.'S STUCCO CEMENT.—This cement, from the great reduction in price, and its suitableness for internal as well as external surfaces, places it above all other materials of its kind; it has no caustic qualities; may be painted or papered in a few days; never blisters, cracks, or vegetates; soon becomes as hard as stone; and may be cleaned with a brush and water.

The merits of the PAINT are well known for its application to stucco work of all kinds, and external work generally. Numerous testimonials, prospectuses, and every information may be obtained, on application to the Sole Agents, PHILIP HARE and Co. at the Warehouse, 28, Stack-yard, Upper Thames-street. A liberal allowance to wholesale dealers.

GEORGE and THOMAS EARLE, CEMENT MANUFACTURERS, HULL.

Light and Dark equal to any made.

Also, Manufacturers of PLASTER, HASTIC, &c.

Importers of MARBLE and PUZZOLANA.

Dealers in Slates, Slabs, Hair, Whiting, &c.

ROMAN and OTHER CEMENTS, Manufactured by J. M. BLASHFIELD, successor to the Patentees, PARKER and WYATT, who, in 1796, first introduced PARKER'S ROMAN CEMENT; also Tarras and Portland Cements, English and French Plaster, Terra Cotta Chimney Pots, Trusses, &c.

Manufactory, Mill Wall, Poplar; Depôts, Commercial-road, Lambeth, and Paddington-basin.

WILLIAM THOMAS, HULL, Manufacturer of Roman and Portland Cements, Plaster, Mastic, and Paints, begs to return his thanks to his numerous friends for their favours during the last forty years, and to assure them that he continues to use "only the best materials" in his various manufactures. He holds many testimonials of the highest respectability as to the quality of his Roman Cement, which has been used in the principal tunnels and public works in the kingdom, &c. and been found to give entire satisfaction. A Cargo of Portland, direct from Corfe, Yorkshire, of first-rate quality, on sale on moderate terms.—Works on the "River Hull," Town Office, 301, High-street, Hull. March 17, 1852.

TO ARCHITECTS, BUILDERS, &c.

WRENTMORE, Plasterer, Little Lant-street, Borough, having had many years' experience in the PATENT PORTLAND CEMENT for the firm of Messrs. Aspdin and Co. the original patentees, begs to state that he will engage to execute Plastering, in every style and design, in the above material, at the same price as Roman Cement, and will guarantee to produce one uniform colour in its natural state without the aid of colouring as generally adopted by the trade.

STIRLING'S BELVEDERE SLATE WORKS, Belvedere-road, Lambeth.—A reduced list of prices of the best WELCH SLATE SLABS, planed both faces, will be sent on application (post paid) being made, and inclosing a postage stamp. The prices are under those advertised for inferior slates.

THE PIMLICO SLATE WORKS, Patronised by Royalty, the Heads of the Nobility, the Clergy, Architects of Eminence, Builders, Railway Contractors, and the Public generally.—MAGNUS'S ENAMELLED SLATE (notwithstanding the vile imitations and infringements of his patent that are attempted) continues to grow in favour with the public, being handsomer, more durable, and very much cheaper than marble.—Price lists and a sheet of drawings, sent to any part of the kingdom gratis. Cisterns, Pillars, Baby and Larder Shelves, Wine Cellar Fittings, Slabs, and every variety of plain Slate Work, at prices that defy competition.—89 and 90, Upper Belgrave-place.

VALENTIA SLATE SLABS.—The Valentia Slab Company invite attention to their Slabs now supplied, of very large dimensions and of superior quality. They have been used at the British Museum, National Gallery, Bethlem Hospital, various lunatic asylums, the Ordnance Works, Model Prison, Pentonville, and other penitentiaries, Malting Floors in Bedfordshire and Hertfordshire, Breweries, the Race Stand at Brighton, Portsmouth Barracks, and are kept in stock in large quantities at Freeman's Wharf, Millbank-street; also by Messrs. SHARPE, Tooley-street; and Messrs. BRABYS, Belvedere-road, where terms may be obtained.

TO ARCHITECTS, SCULPTORS, BUILDERS, STONE and MARBLE MASONS, &c. &c.—ALABASTER QUARRIES, CHELLASTON, near DERBY.—Alabaster in blocks of almost any size, and of very superior quality, may now be obtained from these quarries on application to

Messrs. JOSEPH SMITH and SONS, HORNINGLOW, near BURTON-ON-TRENT.

This stone was extensively used during the Middle Ages for Monuments and other Ecclesiastical Decorations, and since that period until now has not been obtained in blocks of any size. Its colour is white, and beautifully variegated. It is easily worked, and capable of taking a high polish, which renders it suitable for every kind of internal House Decoration.

Agent in London, Mr. WILLIAM FIELD, 28, Holywell-street, Millbank; Depôt, 24, Wharf, Paddington, where a stock is always on hand.

MARBLE and STONE TRADE.—To QUARRY OWNERS, CAPITALISTS, and others interested.—The disadvantages of machinery in the marble and stone trade have been sincerely felt by almost all who have attempted it in Britain up to the present time, for want of such information as would otherwise lead to success, and, in many instances, princely fortunes. Which information may be obtained on application, by letter, to H. H. H. at the office of "The Builder," 1, York-street, Covent Garden, with real name, address, and amount of capital to spare for the object. If to engage in London, or other large towns, from 5l. to 24,000l.; but if in the country, convenient to water power, from 1,000l. to 1,000l. or upwards.

ITALIAN and GALWAY MARBLE QUARRIES.

Depôt, Whitehall-wharf, Parliament-street, Westminster.

Arrived, from Galway, per Maryann, 57 blocks of Black, and 1,000 feet of Slabs.

Arrived, from Leghorn, per Mermaid, Robert, and Pair, 100 tons of various Marbles, Statuary, Veined, Sicilian, Dove, Sienna, Bardilla, Black and Gold, Brocatello, Levante, and Bleus.

Also, St. Aimé, Rouge Royal, Alabaster, and all descriptions in Slabs, Irish Flagging, &c.

The following vessels expected daily:—

Lively Lass, Galway, 113 Black and Green, 120 tons.

Mermaid, Leghorn, 57 Blocks, 80 tons.

Rapid, Leghorn, 47 Blocks, 100 tons.

Approved prices. Terms, six months.

Mr. FRANKLIN, Proprietor. Office hours, Eleven until Three.

TO BUILDERS, MASONS, AND CONTRACTORS.

OBSERVE!!! the Cheapest Depôt in England for MARBLE CHIMNEY-PIECES of superior quality and workmanship is the Westminster Marble Company's Patent Works, Earl-street, Holywell-street, Millbank. An inspection of their superior stock of statuary, Sienna, black and gold, vein, and other chimney-pieces, tombs, monuments, tablets, &c. is earnestly solicited.

MARBLE.—Mr. J. FABBRICOTTI, Proprietor of Marble Quarries at Carrara, Italy, begs to inform the Gentlemen connected with the Marble Trade, that he has established in London the most extensive Depôt in the United Kingdom of STATUARY, Veined, Sicilian, Dove, and Black and Gold MARBLES, the produce of his own Quarries.

CARRARA WHARF, Thames-bank, Pimlico, at the foot of Vauxhall-bridge. Office, 3, Crescent-terrace, Millbank.

Mr. THOS. THOMPSON, Agent.

Medieval Works, Memorials, Fonts, Screens, etc.

AT A VERY ECONOMICAL RATE.

SAMUEL CUNDY, Mason and Builder, PIMLICO MARBLE and STONE WORKS, Belgrave Wharf, Lower Belgrave-place, Pimlico.

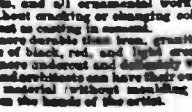
ASPHALTE for RAILWAY ARCHES, Bridges, Platforms, and every description of Basement Flooring, 4s. per ton. Tools and experienced workmen sent to any part as per special agreement.—GERVASE POOTTIT, Asphalte Works, Rotherhithe. Established 1834. Importer of Trinidad Asphalte.



WHITE AND ORNAMENTAL BROWN LAVA.

PATENT METALLIC LAVA, Manufactured only by Messrs. OSBI and ARMANI.

For the INTERIOR of CHURCHES, MUSEUMS, HALLS, VESTIBULES, CONSERVATORIES, &c. &c.; for Foot Pavement, Flooring, Covering Railway Arches, Terraces, Roofs, &c. &c. SAMPLES LAY FOR INSPECTION. List of Prices, and every Particular, may be obtained at the Office, 6, Guildhall-Chambers, Basinghall-street, City; and at the Office of "The Builder."

TERRA COTTA and SCAGLIOLA manufactured by J. M. BLASHFIELD, Mill Wall, Isle of Dogs, and sold at No. 1 Wharf, Praed-street, Paddington.

Vases, busts, friezes, capitals, coats of arms, chimney shafts, trusses, flower pots, and all ornamental work required to stand heat and frost without cracking or changing colour, may be had at nearly the same cost as casting in cement.

Terra Cotta is more durable than bronze, granite, marble, or stone, and may be made of black, red, and light cream colours of every shade. It can be more undercut and delicately wrought than either stone or marble, and architects can have their own designs modelled and fired in this material (without moulding and the chance of copying) fresh from the hands of the artist.
